

Abdurakhmonov Dostonbek

Andijan, Uzbekistan | +998 88 338 99 01 | uzbekuzdev@gmail.com | [Portfolio](#) | [GitHub](#) |

Education:

Kurgantepa Specialized School, High school diploma

Sep 2024 - June 2026

- GPA 5/5
- Student of the Year (2024-2025)

Specialized school 41, where certain subjects are studied in depth

Sep 2015 - May 2024

- GPA 5/5

Extracurricular activities:

Founder, Developer & Project Manager

<https://www.toparena.uz>

- Built Uzbekistan's first digital football management system as a startup project
- Worked on startup as a Data Scientist and Machine Learning Engineer
- Building telegram bots using Python such as posting automatically using AI - [link](#)

Research Student

- [Writing research paper](#) about AI agents based on my two AI agent projects - [Project 1](#), [Project 2](#)
- [Writing research paper](#) about NLP based on my two [NER](#) and [RAG](#) projects.
- [Writing research paper](#) about Reinforcement Learning about my two projects - [Project 1](#), [Project 2](#)

Skills

- Data Science, Machine Learning, Deep Learning
- NLP, Computer Vision, Reinforcement Learning, Data Science
- Telegram Bot, Web Developing

Olympiads

- 1st place at my town Informatics Olympiad and 6th place at region
- 73rd place in the Republic of Uzbekistan at IOI (International Olympic on Informatics)
- 13th place in the Republic of Uzbekistan at IOAI (International Olympic on Artificial Intelligence)
- Top 1000 at Stanford RNA 3D Folding Part 2 at Kaggle (It was my first Olympiad on Kaggle)
- Participant at AIMO-3 at Kaggle (Results have not been out)
- Participant at Tregegeist Hackaton at Kaggle (Results have not been out)
- 1st place for Sharda University Olympiad and 100% scholarship for 4 years

Founder, Host & Editor

Co-founder of <https://www.toparena.uz>
